

Dear Sir,

Please **do not** adopt the proposal 04-233 which I consider a proposal that would eliminate Christian Radio Broadcasts. I believe that there are many people out there trying to silence Christians and eliminate Christian Freedoms. Please do not contribute to their efforts. It is the Christians who fought for the freedoms that many people are now using against Christians. They do not have the foresight to understand that the God who grants us the freedoms we have can just as easily remove our freedoms and this nation as a blessing to all.

Please join Christians who are trying to teach God's word without suffering through the politics that this bill is trying to enforce.

God Bless,

Bill Eckbreth
